#### • Members of Academic Advisory Body

Today's rapidly changing society demands that the educational entities and the communities they serve, should work very closely. Welingkar believes in excellence in quality of education that is imparted, attempts to ensure that it is application oriented, futuristic and in sync with the industry requirements. As one of the step in the direction of making a meaningful change and transform the lives of its students, it practices the ongoing process of constitution of Academic and Advisory Boards and holding their Board Meetings.

While the Advisory boards provide Vision & Positioning of the Programs, valuable directions, guidance and support needed for a continual improvements, to chart a successful and niche Program, the Academic Boards deliberate upon the 'curricula', 'teaching learning plan' to address the emerging needs and bridge the gap between the academia and the industry as also prepare students for latent and unmet needs of the industry. Both the Boards also provide guidance on Research work.

The Boards are proactive bodies which help WeSchool to achieve its vision and actualize its mission and be a top choice Business School amongst the students and employers. The honorary board members guide, promote, advise and support WeSchool in its efforts to upgrade the students in knowledge and thought process and make difference in the communities they work and groom the students to be readily employable across the globe.

Advisory Board- Latest board Meeting held on 13.6.2018

- Organizational chart and processes
- Nature and Extent of involvement of Faculty and students in academic affairs/improvements

Faculty and students are involved in different activities which lead to improvements in academics.

College Development Committee (CDC) is set up as per the guidelines of UGC where trust members, faculty and students are the members. Regular meetings are held to discuss about the academic activities and scope of improvements.

Academic Monitoring Committee where faculty members and students are the part of the committee, is also in place to monitor the academic deliverables in line with compliance to the curriculum and regular and timely delivery of the syllabus.

Subject wise Board of studies are there where faculty members are the part of the board long with Industry expert to review the curriculum and make it contemporary.

Industry Roundtables are organized program wise and specialisation wise. Industry experts share their thoughts on a chosen theme and at times suggestions made by the industry experts with faculty members during their discussions lead to insights on academic improvements.

• Mechanism/ Norms and Procedure for democratic/ good Governance

Different committees are formed through which all the stakeholder can give their feedback and also can approach committee members in case of any grievances / suggestions. Regular meeting are held to address the grievances. Following are the committees-

• Student Feedback on Institutional Governance/ Faculty performance

For the faculty assessment the students give feedback on a scale of 1 to 10, individually for each subject / Faculty in a prescribed format. This formal feedback from students and feedback obtained through Open House Sessions with the Director is quantified to ascertain the improvement levels in every trimester / semester.

• Grievance Redressal mechanism for Faculty, staff and students
Grievance Redressal mechanism is in place. Following members have been appointed to form
the Grievance Redressal Committee for Students / Teachers / Staff / Stakeholders. The
committee meets every month to address the suggestions / complaints received through
different channels.

#### • List of facilities available

#### Classrooms & Audio-Visual facilities

All classrooms are air-conditioned and students have access to LCD and OHP for presentations. The classrooms are well equipped with audio facilities like sound systems, Internet access, video conferencing etc., which enables students to interact with business schools across the globe.

## Computer Centre facilities

WeSchool has been among the first Wi-Fi enabled campuses (dating back to 2001) with a proper data center, a Giga Ethernet backbone and enterprise backend solutions such as Citrix, Symantec Enterprise to name a few.

Welingkar aspires to pre-empt the future and keep up with the changing time. With this objective the computer

laboratory is well equipped with relevant packages like SPSS, CIMM, Capital line 2000 and Prowess. Pentiums are connected through LAN systems with Windows NT server. The institute offers full time ISDN Internet facilities to all its students.

Welingkar institute is creating a state of art information Systems set-up consisting of Gigabit Ethernet Backbone and fast Ethernet to the desktop.

Internet Bandwidth – 1114 Mbps
Number and configuration of System-826
Total number of system connected by LAN -548
Total number of system connected by WAN - 2
Major software packages available - 50
Special purpose facilities available - 7

## Library facilities

The Welingkar Library, is more than two decades old, is a treasure house of knowledge and information. The institution has an independent library, which has over 40,000 books on various aspects of management. In addition, the library boasts of around 415 Indian & International Journals (5990 Online Journals) and a varied collection of non-book material in the form of Audio, Video Cassettes, CD-ROMs and Online Databases. The Library is fully automated with barcode system, which helps the readers to access the information readily.

The Library is fully automated with barcode system, which helps the readers to access the information readily. **Auditorium / Amphitheatre** 

#### Auditorium

The auditorium is well-equipped and is at par with what the best management institutes in the world provide. It is used extensively for seminars, panel discussions, meetings and gatherings.

### Amphitheatre

An innovative set-up with open air seating, the amphitheatre provides a platform for students to showcase their artistic and creative talents among other things. In the process, they get an opportunity to improve their public speaking abilities, enhance communication skills & develop their overall personality.

#### Cafeteria

The Cafeteria not only provides a vibrant atmosphere and unleaded fuel for the day but is an effective way to put forth a new method called the "Cafeteria approach". This is a new method of learning in an informal manner. It helps in nurturing interpersonal skills among students.

Gymnasium facilities Gymnasium facility is available for Boyand Girls separately.

#### **Hostel Facilities**

Separate hostels for boys and girls are available within 2 kms from the college, with 24 x 7 internet connectivity. Admissions are on first come first serve basis. Preference is given to non-localities. Medical & other

First aid Box is available at every floor. Group insurance is taken for all the students.

Yoga & Meditation Cell

The Yoga and Meditation cell organizes programs conducted by eminent instructors. Given the high levels of stress in today's highly competitive environment, it's a perfect way to relax the body, mind and soul.

• Games and Sports Facilities Indoor Sports facilities

The recreation centre is a charging hub for students and faculty. They can play a game of table tennis or pool to let their muscles looseor a game of chess and carom to stimulate their grey matter. The recreation centre also houses a fully equipped gymnasium and an artificial rock climbing wall.

We organize Inter collegiate Cricket Tournament "IMPACT" every year.

- Extra-Curricular Activities :
- Soft Skill Development Facilities

Students are encouraged to participate in various Corporate & B-School competitions like case studies, business plans, best summer projects, quizzes, simulation games, article writing competitions etc...This enhances their skills and gives them confidence to compete with other Bschool students and use their analytical skills. In corporate competitions students solve real problems faced by corporates throughcase studies.

The need to develop one's soft skills, for all of us to be of value to others, is a given. However, the term 'soft' is bundled with a long list of skills. Some of these skills include communication, self- awareness, mindfulness, team leadership, situational awareness, empathy etc.

Hence, it is a tall order for any individual to master the entire range in a short span of time.

As far as our context is concerned, being a National Business School of repute, we invest in multiple ways to develop the softer skills of our students.

Some of these initiatives /interventions, include the Assessment Centre- Development Centre, which all first year students go through, prior to their Summer Internship.

This involves the student undergoing a one day rigorous process, that includes Group Discussion, Game based simulation, Role Plays and Behavioural Event Interview. The student is assessed on 6 of our Assurance Of Learning Goals, by a set of trained Internal and External Assessors.

The Development Centre processes include the crafting of an Individual Development Plan, allotment of an Internal Faculty Mentor, besides group and customised learning/experiences, over a year's period, till they complete their Post Graduation.

To sensitise our students to hone skills how to work better with others (not necessarily their class mates), all first year PGDM students go through an Action Learning Project (over a 6 month duration), which focuses on a Social centric challenge or Corporate challenge or Technology related challenge or a combination of all three.

To enhance the preparedness of our students to face the Campus Selection Processes, we conduct multiple rounds of Group Discussions, Mock Interviews (both domain and behavioural), besides CV

crafting classes as well.

Other opportunities for students to enhance their soft skills, include, Volunteering at Campus/Industry events, participating in Inter~ B School competitions etc.

We have also begun interventions to sensitise students to Diversity and Inclusion, including the POSH

related topics.'

8. Best Practices adopted, if any
The Best Practices / Developments / Innovations What separates an organization from others is not doing different things, but doing things differently. Over the years WeSchool, have initiated several innovative practices that have added to the effectiveness of our education process. Below mentioned are some of the best practices institute follows for students' holistic development.
<ul> <li>☐ Foundation Programme</li> <li>☐ Association with industry bodies o</li> </ul>
Project based, innovative approach to business solutions
Functional Proficiency Test- Students take an online test towards the end of the 3rd trimester (endof first year) to help them to understand their aptitude for a specialization such as Marketing, Finance, HR, Operations, Analytics etc.
☐ Students Personal Development Programs
☐ Global Citizen Leadership Program (GCL)
☐ Structured Mentorship (AC / DC)
☐ Entrepreneurship & Innovative Cell
